

Best Practices for Emerging Infectious Diseases Virtual Panel Discussion

March 30, 2026

10:00am-11:00am

No registration Required

[Best Practices Panel Discussion Link](#)

Join hospice and palliative care providers from across the state for an infectious disease best practices panel discussion featuring industry experts.

Discussion Points:

- Staff education and training
- Infection prevention during home visits
- PPE availability in the field
- Symptom identification and reporting
- Infection control policies

The Hospice and Palliative Care Association of New York State (HPCANYS) is conducting this emergency preparedness presentation as part of a series of activities funded by a grant from the Administration for Strategic Preparedness and Response (ASPR) and administered by the New York City Department of Health and Mental Hygiene (NYC DOHMH), Office of Emergency Preparedness and Response (OEPR). Its content is solely the responsibility of the authors and does not necessarily represent the official views of the Department of Health and Human Services' Administration for Strategic Preparedness and Response.
